

Table of Contents

1. Keynote Address

Formal Methods Adoption: What's working, What's not!	1
<i>Dan Craigen (ORA Canada)</i>	

2. Methodology

Model Checking for Managers	16
<i>Wil Janssen (Telematica Instituut), Radu Mateescu (INRIA Rhône-Alpes), Sjouke Mauw (Eindhoven University of Technology and CWI), Peter Fennema (Telematica Instituut), and Petra van der Stappen (Telematica Instituut)</i>	
Xspin/Project - Integrated Validation Management for Xspin	32
<i>Theo C. Ruys (University of Twente)</i>	

3. Applications I

Analyzing Mode Confusion via Model Checking	44
<i>Gerald Lüttgen, Victor Carreño (NASA Langley Research Center)</i>	
Detecting Feature Interactions in the Terrestrial Trunked Radio (TETRA) Network using Promela and Xspin	60
<i>Carl B. Adekunle, Steve Schneider (University of London)</i>	
JAVA PathFinder, A Translator from Java to Promela	76
<i>Klaus Havelund (NASA Ames Research Center)</i>	
VIP: A Visual Interface for Promela	77
<i>Moataz Kamel, Stefan Leue (University of Waterloo)</i>	

4. Specification and Validation

Events in Property Patterns	78
<i>Marsha Chechik, Dimitrie O. Păun (University of Toronto)</i>	
Assume-Guarantee Model Checking of Software: A Comparative Case Study	92
<i>Corina S. Păsăreanu, Matthew B. Dwyer, and Michael Huth (Kansas State University)</i>	
A Framework for Automatic Construction of Abstract Promela Models	108
<i>Maria-del-Mar Gallardo, Pedro Merino (University of Malaga)</i>	

5. Applications II

Model Checking Operator Procedures	124
<i>Wenhui Zhang (Institute for Energy Technology)</i>	
Applying Model Checking in Java Verification	140
<i>Klaus Havelund (NASA Ames Research Center), Jens Ulrik Skakkebak (Stanford University)</i>	
<i>6. Extensions</i>	
The Engineering of a Model Checker: the Gnu i-Protocol Case Study Re- visited	156
<i>Gerard J. Holzmann (Bell Laboratories)</i>	
Embedding a Dialect of SDL in PROMELA	169
<i>Heikki Tuominen (Nokia Telecommunications)</i>	
dSPIN: A Dynamic Extension of SPIN	185
<i>Claudio Demartini, Radu Iosif, and Riccardo Sisto (Politecnico di Torino)</i>	
Author Index	201
